

DOCTORAL POSITION in "Urban Agency and Perception / Medieval History"

The new Cluster ROOTS – Social, Environmental, and Cultural Connectivity in Past Societies in the frame of the German Excellence Initiative explores social, environmental, and cultural processes that have substantially shaped past human development (and which are still active today). Research is organized in six research units (i.e. subclusters) covering six foci: (1) Environmental hazards and impacts; (2) Dietary intake and disease; (3) Knowledge production, technology, and innovation; (4) Population agglomeration and urbanisation; (5) Social differentiation and inequalities; and (6) Conflict and conciliation. The ROOTS 'Reflective Turn' will enable cross-disciplinary dialogue and enquiries within and between research foci, providing an overarching theoretical frame.

Research Associates and PhD students participate in the ROOTS Young Academy. The ROOTS Young Academy brings together young experts from an array of disciplines, which support ROOTS research with innovative research ideas. The Young Academy provides young researchers with excellent conditions for a successful career and personal development.

We invite applications for the

Doctoral Position „Urban Agency and Perception/Medieval History“

to begin as early as possible.

Profile: Medieval History

The candidate is expected to perform outstanding research work in the field of urban environmental, perceptual and/or economic history with special consideration of urban action and perception, which will be presented in a monograph. In this area, the position holder should develop innovative research approaches for the project he/she is working on, participate in international seminars, workshops and conferences, and also participate in the organisation of such events. He*she is expected to contribute his*her research to the Urban ROOTS research programme and to cooperate with the other sub-clusters.

Requirements: Excellent university degree (MA, MSc or equivalent) in the field of medieval history.

We are seeking a highly qualified and motivated doctoral fellow to conduct high-quality interdisciplinary research within the frame of ROOTS. The graduate program is jointly offered by academics of the Humanities, Mathematics and Natural Sciences, and Life Sciences. The Doctoral Candidate will be hosted by the ROOTS Young Academy and will be affiliated with the Johanna Mestorf Academy at Kiel University (www.jma.uni-kiel.de). Innovative research ideas are supported by the extensive infrastructure and Graduate Centre at Kiel University. The position holder will be eligible to apply for research funds. Supervision will be provided generally at an interfaculty level by supervisors from two different disciplines.

The regular weekly working hours amount to 65 % of those expected of a full-time employee (currently 25,16 hours per week). Salary will be of level TV-L 13 of the federal wage agreement scheme (Tarifvertrag der Länder). The term is fixed for a period of 3,5 years (42 months).

Kiel University is an equal opportunity employer and is committed to increasing the proportion of female scientists in research and teaching, and strongly encourages female applicants. Women will be given preference in case of equal suitability, competence, and professional performance.

DOCTORAL POSITION in "Urban Agency and Perception / Medieval History"

The University is also committed to the employment of disabled person, and such individuals will be accorded preference if suitable.

Applications by people with a migration background are particularly welcome.

Please address your application (cover letter; CV (including list of publications); the proposed doctoral project (max. 1500 words), including a brief summary, state of the art, a concise project description, and a work schedule; and the name of two references with contact information; a copy (in .pdf format) of your master-thesis or proof of equivalent qualification; certificates of academic degrees) as **one single .pdf document** until **15th October 2019** to:
